- (j) to ensure that appropriate internal and external audit arrangements are in place and operating effectively;
- (k) having a framework in place to help ensure that the Company acts legally and responsibly on all matters consistent with the code of conduct; and
- (l) reporting to shareholders.

The Board retains full responsibility for guiding and monitoring the Company. While in discharging its stewardship the Board may make use of committees in the future, the Board currently intends that the functions and responsibilities of the following committees will be performed by the Board:

- (a) Audit Committee;
- (b) Nomination Committee; and
- (c) Remuneration Committee.

Each director has the right to seek independent professional advice on matters relating to his position as a director of the Company at the Company's expense, subject to the prior approval of the Chairman, which shall not be unreasonably withheld.

In the event of a conflict of interest or where a potential conflict of interest may arise, involved directors will, unless the remaining directors resolve otherwise, withdraw from deliberations concerning the matter.

In accordance with the constitution of the Company, directors (other than the Managing Director) must offer themselves for re-election by shareholders at least every 3 years. The Board does not specify a maximum term for which a director may hold office.

The responsibility for the day-to-day operation and administration of the Company is delegated by the Board to the Managing Director. The Board ensures that the Managing Director and the management team is appropriately qualified and experienced to discharge their responsibilities and will put in place procedures to assess the performance of the Managing Director and executive directors.

Where appropriate the roles of Chairman and Managing Director are not combined. The Managing Director is accountable to the Board for all authority delegated to the position.

Whilst there is a clear division between the responsibilities of the Board and management, the Board is responsible for ensuring that management's objectives and activities are aligned with the expectations and risks identified by the Board. The Board will put in place a number of mechanisms to ensure this is achieved including:

- (a) Board approval and monitoring of a strategic plan;
- (b) approval of budgets and monitoring actual performance against budget; and
- (c) procedures to be put in place to incorporate presentations covering key relevant areas of the Company's operations to each Board meeting by financial, operations, exploration and marketing management.

- (c) industry and public company experience; and

(d) an appropriate ratio and skills matrix for executive and non-executive directors.

In the circumstances where the Board believes there is a need to appoint another director, whether due to retirement of a director or growth or complexity of the Company, certain procedures will be followed (please refer to the Nomination Committee Charter), including the following:

(a) determine the skills and experience appropriate for the appointee having regard to those of the existing directors and any other likely changes to the Board;

(b) agree the process and timetable for seeking such a person, which may involve an external search firm;

(c) a short list of candidates will be prepared for the Board's consideration and interview. The selection process will encourage visitation to the Company's operating sites and an understanding of management information systems. Candidates will be assessed on the following basis:

(i) competencies and qualifications;

(ii) independence;

(iii) other directorships;

(iv) time availability;

(v) contribution to the overall balance of the composition of the Board; and

(vi) depth of understanding of the role of and legal obligations, of a director.

The Chairman regularly reviews the composition of the Board to ensure that the board continues to have the mix of skills and experience necessary for the conduct of the Company's activities.

If an invitation to become a director is accepted, the Board will appoint the new director during the year and that person will then stand for re-election by shareholders at the next annual general meeting. Shareholders are provided with relevant information on the candidates for re-election.

Executive directors must always be alert to the potential for a conflict of interest between their roles as executive managers and their fiduciary duty as directors.

Insider trading

Information concerning the activities or proposed activities of the Company, which is not public and which could materially affect the Company's share price must not be used for any purpose other than valid Company requirements.

Managing Director and CFO

4. SECURITIES TRADING POLICY

INTRODUCTION

These guidelines set out the policy on the sale and purchase of securities in the Company by its Directors and Employees. A copy of this policy was posted on www.asx.com (ASX ticker : BGH) on 30 November 2011.

The purpose of these guidelines is to assist Directors and employees to avoid conduct known as 'insider trading'.

WHAT TYPES OF TRANSACTIONS ARE COVERED BY THIS POLICY?

This policy applies to both the sale and purchase of any securities of the Company on issue from time to time.

WHAT IS INSIDER TRADING?

Prohibition

Insider trading is a criminal offence. It may also result in civil liability. In broad terms, a person will be guilty of insider trading if:

- (a) that person possesses information which is not generally available to the market and, if it were generally available to the market, would be likely to have a material effect on the price or value of the Company's securities (i.e., information that is 'price sensitive'); and
- (b) that person:
 - (i) buys or sells securities in the Company; or
 - (ii) procures someone else to buy or sell securities in the Company; or
 - (iii) passes on that information to a third party where that person knows, or ought reasonably to know, that the third party would be likely to buy or sell the securities or procure someone else to buy or sell the securities of the Company.

Dealing through third parties

A person does not need to be a Director or employee of the Company to be guilty of insider trading in relation to securities in the Company. The prohibition extends to dealings by Directors and employees through nominees, agents or other associates, such as family members, family trusts and family companies (referred to as "**Associates**" in these guidelines).

Information however obtained

It does not matter how or where the person obtains the information – it does not have to be obtained from the Company to constitute inside information.

Employee share schemes

The prohibition does not apply to acquisitions of shares or options by employees made under employee share or option schemes, nor does it apply to the acquisition of shares as a result of the exercise of options under an employee option scheme.

However, the prohibition does apply to the sale of shares acquired under an employee share scheme and also to the sale of shares acquired following the exercise of an option granted under an employee option scheme.

GUIDELINES FOR TRADING IN THE COMPANY'S SECURITIES

General rule

Any Director, employee, or contractor is not permitted to deal in Company securities in the two (2) week period prior to after the:

- (a) date of the Company's Annual General Meeting;
- (b) release of the quarterly results announcement to the ASX; (c) release of the half yearly results announcement to the ASX;
- (d) release of the preliminary final results announcement to the ASX; or
- (e) release of a disclosure document offering securities in the Company.

The Company may at its discretion vary this rule in relation to a particular period by general announcement to all employees either before or during the period. The Company may also impose any other restriction periods that the Board declares from time to time when it is considering matters which are subject to the exceptions to the continuous disclosure requirements set out in Listing Rule 3.1A. However, if a Director or employee of the Company is in possession of price sensitive information which is not generally available to the market, then he or she must not deal in the Company's securities at **any** time.

No short-term trading in the Company's securities

Directors and employees should never engage in short-term trading of the Company's securities except for the exercise of options where the shares will be sold shortly thereafter.

Securities in other companies

Buying and selling securities of other companies with which the Company may be dealing is prohibited where an individual possesses information which is not generally available to the market and is 'price sensitive'. For example, where an individual is aware that the Company is about to sign a major agreement with another company, they should not buy securities in either the Company or the other company.

Exceptions

- (a) Directors and all employees may at any time:
 - (i) acquire ordinary shares in the Company by conversion of securities giving a right of conversion to ordinary shares;
 - (ii) acquire Company securities under a bonus issue made to all holders of securities of the same class;
 - (iii) acquire Company securities under a dividend reinvestment, or top-up plan that is available to all holders of securities of the same class;
 - (iv) withdraw ordinary shares in the Company held on behalf of the employee in an employee share plan where the withdrawal is permitted by the rules of that plan;
 - (v) acquire ordinary shares in the Company as a result of the exercise of options held under an employee option scheme;
 - (vi) transfer securities of the Company already held into a superannuation fund or other saving scheme in which the restricted person is a beneficiary;
 - (vii) make an investment in, or trade in units of, a fund or other scheme (other than a scheme only investing in the securities of the Company) where the assets of the fund or other scheme are invested at the discretion of a third party;
 - (viii) where a restricted person is a trustee, trade in the securities of the Company by that trust, provided the restricted person is not a beneficiary of the trust and any decision to trade during a prohibited period is taken by the other trustees or by the investment managers independently of the restricted person;
 - (ix) undertake to accept, or accept, a takeover offer;
 - (x) trade under an offer or invitation made to all or most of the security holders, such as a

- rights issue, a security purchase plan, a dividend or distribution reinvestment plan and an equal access buy-back, where the plan that determines the timing and structure of the offer has been approved by the board. This includes decisions relating to whether or not to take up the entitlements and the sale of entitlements required to provide for the take up of the balance of entitlements under a renounceable pro rata issue;
- (xi) dispose of securities of the Company resulting from a secured lender exercising their rights, for example, under a margin lending arrangement;
 - (xii) exercise (but not sell securities following exercise) an option or a right under an employee incentive scheme, or convert a convertible security, where the final date for the exercise of the option or right, or the conversion of the security, falls during a prohibited period and the Company has been in an exceptionally long prohibited period or the Company has had a number of consecutive prohibited periods and the restricted person could not reasonably have been expected to exercise it at a time when free to do so; or
 - (xiii) trade under a non-discretionary trading plan for which prior written clearance has been provided in accordance with procedures set out in this Policy.
- (b) In respect of any share or option plans adopted by the Company, it should be noted that:
- (i) it is not permissible to provide the exercise price of options by selling the shares acquired on the exercise of these options unless the sale of those shares occurs outside one of the periods specified in paragraph 4.1; and
 - (ii) where the exercise price of options is being provided by a margin loan or other form of lending arrangement, then there may be a risk that the employee or Director may need to sell shares to avoid providing additional capital or security to the lender in the event of a decrease in the value of the shares.

Were this is to occur at a time when the person possessed inside information, then the sale of Company securities would be a breach of insider trading laws, even though the person's decision to sell was not influenced by the inside information that the person possessed and the person may not have made a profit on the sale.

Where Company securities are provided to a lender as security by way of mortgage or charge, a sale that occurs under that mortgage or charge as a consequence of default would not breach insider trading laws.

APPROVAL AND NOTIFICATION REQUIREMENTS

Notification

Any Director or employee who (or through his or her Associates) trades the Company securities must notify the Company Secretary in writing of the details of the transaction within three (3) business days of the transaction occurring. This notification obligation operates at all times but does not apply to acquisitions of shares or options by employees made under employee share or option schemes, nor does it apply to the acquisition of shares as a result of the exercise of options under an employee option scheme.

Exemption from trading restriction due to severe financial hardship and exceptional circumstances

A Director, employee or contractor, who is not in possession of inside information in relation to the Company, may be given prior written clearance (including e-mail) from two of the Chairman, the CEO, or the Company Secretary or in the case of the CEO from two of the Chairman, the Company Secretary or an independent director, or in the case of the Chairman from two of the CEO, the Company Secretary, or an independent director to sell or

otherwise dispose of Company securities inside a period specified in paragraph 4.1 where the person is in severe financial hardship or where there are exceptional circumstances as set out in this policy.

The determination of whether a Director, employee or contractor is in severe financial hardship or there are exceptional circumstances will be made from two of the Chairman, the CEO, or the Company Secretary, from two of the Chairman, the Company Secretary or an independent director in the case of the CEO, and from two of the CEO, the Company Secretary, or an independent director in the case of the Chairman.

An application for an exemption allowing the sale of Company securities inside the periods specified in paragraph 4.1 based on financial hardship must be made in writing (including e-mail) to the Company Secretary. Any exemption, if issued, will be in writing (including e-mail) and shall contain a specified time period during which the sale of securities can be made.

Exceptional circumstances

Exceptional circumstances may apply to the disposal of Company securities by a Director, employee or contractor if the person is required by a court order, a court enforceable undertaking for example in a bona fide family settlement, to transfer or sell securities of the Company, or there is some other overriding legal or regulatory requirement to do so.

Any application for an exemption allowing the sale of Company securities inside of the periods specified in paragraph 4.1 based on exceptional circumstances must be made in writing (including e-mail) to the Company Secretary and be accompanied by relevant court and/or supporting legal documentation.

Any exemption, if issued, will be in writing (including e-mail) and shall contain a specified time period during which the sale of securities can be made.

ASX NOTIFICATION FOR DIRECTORS

The ASX Listing Rules require the Company to notify the ASX within 5 business days after any dealing in securities of the Company (either personally or through an Associate) which results in a change in the relevant interests of a Director in the securities of the Company. The Company has made arrangements with each Director to ensure that the Director promptly discloses to the Company Secretary all the information required by the ASX.

EFFECT OF COMPLIANCE WITH THIS POLICY

Compliance with these guidelines for trading in the Company's securities does not absolve that individual from complying with the law, which must be the overriding consideration when trading in the Company's securities.

9. PERFORMANCE EVALUATION PRACTICES

As part of the annual review of the performance of the Board, the appropriate size, composition and terms and conditions of appointment to and retirement from the Board are considered.
