

Corporate Governance Statement

ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations – 3rd edition*

As at 1 September 2017

The Company is committed to high standards of corporate governance designed to enable the Company to meet its performance objectives and better manage its risks.

The Company has adopted a comprehensive governance framework in the form of a formal corporate governance charter together with associated policies, protocols and related instruments.

A full copy of the Company's corporate governance charter and associated policies, protocols and related instruments is available on the Company's website under its "Corporate Governance" heading – www.bligh-resources.com.

The Company intends to follow the ASX CGC P&R in all respects other than as specifically provided below.

However, notwithstanding the adoption of the Company's corporate governance charter and the aforementioned intention, and given the Company's change in business activities, developing business base and growing staffing complement, cultural adherence in practice to all aspects of the respective charters and the ASX CGC P&R remains an evolving "work in progress". This is more so the case with a change in board appointments effective 13 July 2017 whereby two new board members were appointed and two board members resigned.

Each of the recommendations of the ASX CGC P&R which are/is not followed by the Company and the reasons why they respectively are not followed, are set out below. Given the underlying issue and nature of the non-compliance with each of the recommendations and the intended temporal duration of the non-compliance, no alternate governance practices are intended to be adopted in lieu of each specified recommendation of the ASX CGC P&R.
